

## Flat QuickPort® Patch Panels

### APPLICATION

QuickPort Patch Panels are compatible with all QuickPort modular connectors to maximize versatility with a variety of media applications and enable easy upgrades. The panel fits all industry-standard 19" racks and cabinets.

49255-H24

49255-H48

49255-D72

### SPECIFICATION

Patch panels shall be made of 16-gauge steel, and shall have a black painted finish with numbers below each port. The panel shall be offered in 24-, 48-, and 72-port configurations. The panel shall have the ability to allow for single port replacement of inoperative ports. 24-port configuration shall be compatible with Intact™ Intelligent Port Management System.

### DESIGN CONSIDERATIONS

- Mounts on 19" equipment racks
- Accepts all QuickPort-style Connectors
- Includes write-on blocks and port numbers (numbers only on 72-port panel)
- Rear cable management bar included
- 24-port configuration is compatible with Intact Intelligent Port Management System

### STANDARDS COMPLIANCE

ANSI/TIA-568-C.1  
cULus Listed

### PHYSICAL SPECIFICATIONS

Capacity: 24-, 48-, and 72-port  
Materials: 16-gauge steel; black painted finish  
Dimensions: See page 2  
Mounting: 19" rack mount  
Color: Black

### COUNTRY OF ORIGIN

24 and 48 port Taiwan  
72 port USA

### WARRANTY INFORMATION

For a copy of Leviton product warranties, visit [www.leviton.com/warranty](http://www.leviton.com/warranty).

### INTACT INTELLIGENT PORT MANAGEMENT

Leviton 1RU 24-port QuickPort patch panels (49255-H24) are "intelligent ready," enabling them to be upgraded in the field to become part of the Intact Intelligent Port Management System.

- Enables an initial lower-cost installation with a migration path toward an intelligent solution
- Panels are upgraded while still in the 19" rack or cabinet without removing connectors, preserving the integrity of permanent link testing
